Sir:

**INFORMATION DISCLOSURE STATEMENT**

In the Information Disclosure Statement filed May 10, 2002 submitting copies of the references cited in the International Search Report, the Examiner indicated that two literature articles were not considered because there was "no translation or characterization" of the reference.

However, in accordance with M.P.E.P. §609 [PART III (A3)] when a non-English language reference is cited in a Search Report in a corresponding foreign application, an English language version of the Search Report which indicates the degree of relevance of the reference satisfies the "requirement for a concise explanation of relevance" of the reference. A copy of the International Search Report in English which indicated the relevance of the articles was enclosed with the Statement.

Accordingly, it is believed the Examiner should have considered these two references. Another Form PTO 1449 listing the two literature articles is therefore enclosed.

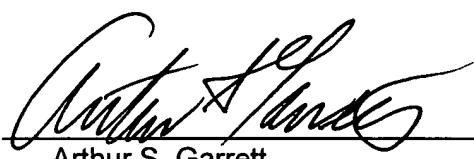

Copies of the two references are not enclosed because they have already been submitted.

If there is any fee due in connection with the filing of this Statement, please charge such fee to our deposit account 06-0916.

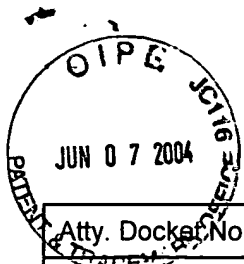

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,
